Underwater Talks
The imes Distinguished Speakers Series

Inertial Sensor Fusion

Deep dive: Indoor localisation using the magnetic field

Speaker

Prof. Dr. Manon Kok

Since 2023, she is Associate Professor at the Delft Center for Systems and Control at the Delft University of Technology in the Netherlands. She received her PhD from the Automatic Control group at Linköping University, Sweden. From 2017 until 2018 she was a Research Associate in the Machine Learning Group of the Computational and Biological Learning Lab at the University of Cambridge. Her research interests lie in the fields of probabilistic modelling for sensor fusion, signal processing and machine learning.

Friday, 22nd September 2023

14:00 – 15:30

Aquarium

(Room 029, Building 8142)
